

# **Group Lesson Policy**

## **Lesson and Practice Procedure**

Students are encouraged to practice the rented piano keyboard at home. This will help the student retain the information from class and feel confident in performance.

## **Payment**

Payment is due in full for each semester or monthly by the first class of the month. Check your location for specific price and fee details. The parent who has enrolled the student in class is responsible for payment throughout the semester.

## **Cancellation**

Please notify the teacher as soon as possible when the student cannot attend the lesson though the student will not be able to receive a make-up lesson.

## **Make-Up Lesson**

Make-up lessons are not offered for group classes. If there is inclement weather, classes will be cancelled following the ruling of the location's school district. If the teacher must cancel the class, students receive a refund at the end of the semester.

## **Performance Opportunity**

Based on the location of the class, performance opportunities may or may not be available. All students are welcomed to perform in the Spring Recital, on the second Saturday in May at the announced location. Students will have the opportunity to play a solo piece for this performance. Please let your teacher know if you are participating in the Spring recital.
